#### Message from the Principal:

Dear Parents,

As the 2017-2018 school year comes to a close, I would like to take this opportunity to thank you on behalf of the Jefferson Elementary School staff for your support and participation in your child's education. My staff and I have thoroughly enjoyed being a part of your child's academic and social development.

Enclosed is Jefferson Elementary's School Profile from the Office of Educational Quality and Accountability which will give you a comprehensive view of not only our school test scores, but valuable demographic and community information. The data included in this report card is from the 2016-2017 school year. This information indicates that we need to better prepare our students in these areas. We can not do this without your help and support. It is vital to your child's education that they get to school on time each day, that you check their planners and folders for homework each night, and then go over the work with your child. If your child is below grade level in reading and math, it is beneficial to your child that you take advantage of our after school and summer programs. Without your support, your child may never realize the importance of a good education. We are here to help. Let us know how we can best help you help your child with school work at home.

Jefferson Elementary provides many quality programs and interventions to enhance your child's education including Accelerated Reading and Math Benchmarks/Progress Monitoring, Really Great Reading, Literacy First, Gifted and Talented opportunities, and Co-teaching classrooms. Gifted and Talented, Title I, and Reading Sufficiency funds have been utilized to purchase remedial and enrichment materials and activities as well as an after school and summer tutoring programs to assist each child in reaching his/her potential. Additional funds have been made available for each teacher to receive technology for use in the classroom as well as extensive training in aligning curriculum with the state standards and mapping district grade level curriculum.

I urge you to read over this report and consider how you can become more involved in your child's education and achievement. Once again, thank you for your support and the opportunity to educate your children.

Sincerely,

Vickie Penson  
Principal  
Jefferson Elementary
