Teacher is herein defined as including all teachers employed by the Shawnee School District I-93 who are below the administrative rank of Assistant Principal. Those excluded from Association representation include the positions of Superintendent, Assistant Superintendent, Business Manager, Administrative Assistant, Central Office Directors and Program Coordinators, Principals, and Assistant Principals.

In such cases, the Board shall adopt an interim policy until such time as a new policy is adopted through the regular negotiations process when state or federal laws, regulations, etc., necessitate a change in that policy portion contrary to law.

1.2 PROCEDURAL AGREEMENT

The procedural agreement governing negotiations between the parties appears as Attachment A to this agreement and is incorporated herein by reference.

1.3 FACT FINDING PROCEDURES

If bargaining representatives for the Board and Association are unable to reach tentative agreement on any or all bargaining issues by means of mediation before August 1, of each fiscal year, an impasse shall exist and all remaining unresolved issues shall be referred to a three (3) member fact finding committee in accordance with applicable Oklahoma statutes, provided that either party shall be free to make a written declaration of impasse prior to that date. The parties may mutually agree to extend impasse deadlines.
- B. The fact-finding committee shall consist of: (a) one (1) fact finder selected by the Association with written notice given to the Board within five (5) calendar days after the reaching of impasse; (b) one (1) fact finder selected by the Board with written notice given to the Association within five (5) calendar days after the reaching of impasse; and (c) the chairperson of the committee shall be selected from the State Superintendent of Public Instruction's list of fact finders. - C. Within five (5) calendar days of receipt of the list provided by the State Superintendent of Public Instruction or designee, the bargaining spokespersons for the Board and Association shall select the fact finder. If unable to mutually agree upon a fact finder from the list of five (5) potential fact finders, the Board and Association bargaining spokespersons or their designees shall execute a coin toss, the loser of which shall be first to strike one (1) name from the list of five (5), followed in like manner by the winner of the toss striking one (1) name, and continuing in the same order until one (1) name is left, such person to serve as chairperson of the three (3) member fact finding committee.
- D. The Board shall be responsible for all expenses of its selected fact finder, as shall the Association for its selected fact finder. The Board and the Association shall share equally in the expenses of the chairperson and in all other expenses accruing from fact finding.

The proposals exchanged shall also be furnished to the chairperson and other members of the committee. Each item being submitted to fact finding shall show the last position taken by each negotiating team.

The parties shall meet within seven (7) days of the request, unless both parties deem it unnecessary. At such meeting, the representatives shall exchange written statements expressing each party's rationale for rejecting each recommendation found unacceptable and shall attempt to clarify any remaining differences. The representatives shall then resume good faith effort to resolve the remaining differences; provided, after fourteen (14) days after the exchange of written statements, either party may discontinue such effort.

ARTICLE IX LEAVES

9.1 SICK LEAVE

Sick leave may be used for personal illness, pregnancy illness, accidental injury, or illness in the immediate family (spouse, children, parents and corresponding relationships by marriage, and any person residing in the home of the teacher for whom the teacher has custodial care), without loss of salary. Each teacher employed for the 2017-2018 school year shall be entitled to fifteen (15) sick leave days per contract year, accumulating to one hundred twenty (120) days. This sick leave benefit shall apply to such teachers until their employment with the district ends. (2017)

New teachers employed with the district after the 2017-2018 school year shall be entitled to ten (10) sick leave days per contract year, accumulating to one hundred twenty (120) days. (2017)

Part time teachers and teachers employed after the first contract day will have his or her entitlement to sick leave prorated.

If after exhausting all sick days provided above, a teacher is absent from his/her duties due to personal accidental injury, illness or pregnancy, the teacher shall receive for a period of not to exceed twenty (20) days his/her full contract salary less the amount actually paid to a certified substitute if a certified substitute is hired or normally paid to a certified substitute teacher if a certified substitute teacher is not hired. These days also vest at the beginning of the school year (Title 70. Chapter 1. Article VI. Section 6-104-.5 Pay Deductions for Absences after Exhausting all Sick Leave). (2020)

Qualified teachers are entitled to the benefits of the Family and Medical Leave Act of 1993 (the "FMLA"). The Board of Education policy related to the FMLA is incorporated by reference in this Agreement. Under the FMLA an eligible teacher who meets the Act's requirements may be granted a total of twelve (12) weeks of unpaid family leave and paid sick, vacation and personal leave combined (during any year as defined below) for several reasons, including to care for a spouse, child or parent with a serious health condition and for a serious health condition of the teacher that makes the teacher unable to perform his or her job functions. The term "serious health condition" means one, which requires either in-patient care, or continuing treatment by a health care provider. This term is intended to cover conditions or illnesses affecting health to the extent that in-patient care is required, or absences are necessary on a recurring basis, or for more than just a few days. A "serious health condition" does not mean short-term conditions for which treatment and recovery are very brief. Such conditions would normally be covered by the District's sick leave policies.

9.2 EMERGENCY LEAVE

At any time during the fiscal year, District's Board of Education may grant up to five (5) days of emergency leave for all employees to be used for days when District's schools are closed due to inclement weather. Emergency leave shall not be cumulative from year to year and will only be available to an employee if the Board approves such leave. In approving emergency leave, the Board may designate that employees whose services are essential to building maintenance and making buildings ready for school are not allowed emergency leave for the days of inclement weather but are provided emergency leave on other designated days approved by the Board or the Administration.

9.3 PERSONAL LEAVE

Five (5) days per year, non-accumulative may be used for personal reasons. Teachers shall earn these days in the following manner:

- A. All certified staff in Shawnee Public Schools shall be entitled to three personal days with no deduction. A total of two (2) additional personal days can be acquired by the sick leave exchange as explained in section B directly below. (2017)
- B. Teachers may exchange two (2) days of sick leave for one (1) additional day of personal leave twice in one school year. All exchanges must be approved by the Assistant Superintendent of Schools prior to the use of the requested leave. (2017)

- C. At the end of the school year, unused paid days of personal leave shall be rolled into and become a part of the teacher's accumulated sick leave and shall be used in the same manner as accumulated sick leave.
- D. To assist the District with the securing of substitutes, teachers should request personal leave at least ten (10) days in advance if possible. Teachers will be notified within four (4) days of the request if possible of the decision on leave approval.
- E. The Superintendent or designee shall be sent a request for approval by email when personal leave is to be used to extend a scheduled school break. (2019)

9.4 MATERNITY LEAVE

A teacher who is pregnant may continue her duties until, in the opinion of the teacher's physician and the teacher, she is no longer able to perform her professional duties. The teacher shall give notice in writing to the Board of Education at least thirty (30) days prior to the time she intends to cease her teacher duties. This notice shall state whether or not she intends to return to the District after the child is born and state when the teacher intends to return.

Up to twelve (12) weeks of sick leave may be used for maternity leave during the contract year. This should be viewed in connection with other leave provisions and particularly in connection with the FMLA policy of the Board which provides each teacher up to twelve (12) weeks of combined paid and unpaid leave for a condition specified in the FMLA. One of the conditions for which leave is available is for the birth of a child and to care for such child, or placement for adoption or foster care of a child. Consequently, if twelve (12) weeks of leave (including paid leave) is used in connection with the birth or care of a child, the teacher would be ineligible for leave in connection with his or her own serious illness or to care for a spouse, child or parent with a serious health condition. Whether unpaid extended leave is available must be determined by reference to the extended leave provision of the contract.

Sick leave for maternity reasons shall be used only for contracted days. Sick leave for maternity reasons shall not be granted for the summer months when the teacher does not have to miss work. A teacher who gives notice that she desires to return to the District must reaffirm that intent by giving written notice to the Board of Education within forty-five (45) days after the child's birth. At the time of her return, the teacher will be assigned to the same position which she held when her maternity leave commenced if the leave does not exceed authorized leave. This guaranteed assignment will remain in effect if medical complications develop until all sick leave is exhausted or for a maximum of one hundred twenty (120) days. Any request for maternity leave for medical reasons beyond six (6) weeks must be documented by the teacher's physician. The teacher will not be guaranteed the same position when she returns if the maternity leave exceeds the above provisions, but an equivalent position for which she is qualified.

9.5 MILITARY LEAVE

Teachers who are members of the reserved forces of the Army, Navy, the Marine Corps, the Coast Guard, the Air Force, or any other component of the Armed Forces of the United States, including members of the Air or Army National Guard, shall, when ordered by the proper authority to active duty or service, be entitled to a leave of absence from such civil employment for the period of such active service without loss of status or efficiency rating and without loss of pay during the first thirty (30) days of such leave of absence.

9.6 LEAVE RESULTING FROM JURY DUTY OR IN RESPONSE TO SUBPOENA

Teachers shall be granted leave for jury service or as a witness subpoenaed in a criminal, civil or juvenile proceeding. The District shall pay full contract salary to said personnel during such service. during jury duty shall be endorsed back to the District. Any teacher claiming leave as a result of his or her receipt of a subpoena shall be responsible for presenting a copy of the subpoena to support the request for leave. (2021)

9.7 MISCELLANEOUS

A teacher who is absent for reasons other than those permitted by this policy shall have deducted from his or her salary an amount equal to the daily rate of pay based on contract days of his or her salary, depending upon the months of service during the school year, for each day of absence.

The Superintendent or a delegated authority may authorize temporary leave for any other purpose not expressly identified above. Such authorization shall be in writing and shall specify the leave as chargeable or non-chargeable.

9.8 EXTENDED LEAVE

For the purpose of academic study, serious illness as defined by the FMLA, maternity, paternity, or adoption, a career teacher shall be entitled to a leave of absence for one (1) school year, without loss of accumulated sick leave, tenure, or other accumulated benefits.

Serious illness is defined in the FMLA and the definition has been included in the provision of this contract relating to sick leave. The extended leave provision contemplates the availability of extended leave in the event of the serious illness of the teacher. The FMLA would allow a teacher to take a maximum of twelve (12) weeks of leave to care for a spouse, child or parent with a serious health condition.

The teacher who is on a leave of absence does not lose accumulated sick leave, tenure, or other accumulated benefits. Likewise, the teacher who is on a leave of absence for a year does not gain sick leave or other accumulated benefits while on a leave. Extended leave, except as it relates to FMLA leave, shall be available to a qualifying individual one time during his or her employment by the District.

On or before March 31 during the year of the Extended Leave, the teacher shall notify the District in writing of the teacher's intent to either return to duty at the start of the next school year, or to resign the teacher's position.

9.9 FAMILY AND MEDICAL LEAVE ACT OF 1993

There are several provisions within the Master Contract which are affected by the Family and Medical Leave Act ("FMLA" or "Act"). The Board and the SACT each acknowledge that the School District is bound by the requirements of the FMLA. The Master Contract and the Board's policy regarding FMLA shall be consulted in connection with questions related to a request for leave that is covered by the Act.

Questions regarding the interpretation, administration, and application of the Act to eligible teachers shall be resolved by reliance on the FMLA and its interpretive regulations. The definitions included in the FMLA related to serious health condition, immediate family and similar concepts, when they relate to leave, shall control in all matters involving an individual's right to leave.

The FMLA provides that all eligible teachers who meet the requirements of the Act may be granted a total of twelve (12) weeks of unpaid family leave and paid sick, vacation and personal leave combined for the following reasons:

- 1) For the birth of a child and to care for such child, or placement for adoption or foster care of a child;
- 2) To care for a spouse, child or parent with a serious health condition; or
- 3) For a serious health condition of the teacher that makes the teacher unable to perform his or her job functions. The term "year" shall be defined as a rolling twelve (12)-month period measured backward from the date a teacher uses any leave.

A teacher is eligible for FMLA leave only if employed at least twelve (12) months with the Shawnee Public School District, and for at least 1,250 hours of service during the twelve (12)-month period before the leave is requested. FMLA leave shall be integrated with other paid and unpaid leave to which the teacher is entitled. This means that a teacher shall utilize his or her paid sick, vacation and personal leave before being placed on unpaid FMLA leave. In those instances in which an individual qualifies for an extended leave for a reason other than academic study, any period of unpaid leave shall be counted toward fulfillment of the one-year extended leave. Extended leave shall be available to individuals covered by this agreement one time only.

Where a teacher's spouse is also employed by the District, the total number of work weeks of the FMLA leave to which both spouses are entitled is limited to twelve (12) work weeks during a year if such leave is for the birth of a child or to care for a child or for placement for adoption or foster care of a child. (2021)

9.10 ASSOCIATION LEAVE

Fifty (50) days will be available to the Association of Classroom Teachers for member attendance at professional meetings or conferences, provided that no one (1) teacher may utilize more than twelve (12) days of Association leave in any school year. Written request to utilize these days must be given by the Association President to the Superintendent at least five (5) working days prior to the time the leave is requested. The cost necessary to pay a substitute will be paid by the Association of Classroom Teachers unless the leave is approved by the Superintendent as being primarily of benefit to the District.

9.11 BEREAVEMENT LEAVE

Five (5) days bereavement leave shall be granted to each teacher during the school year. These days are not chargeable to any other leave and are non-accumulative. Such days may be used for death of spouse, children, parents, siblings, grandparents, grandchildren and corresponding relationships by marriage, and any person residing in the home of the teacher for whom the teacher has custodial care. The teacher's principal must be notified as soon as the teacher knows the bereavement leave is to be used. Three (3) days may be used to attend the funeral of persons other than those mentioned above.

9.12 WORKERS' COMPENSATION

Each teacher covered by this Agreement will have rights in connection with a work-related injury as are required by applicable law. The District shall permit a teacher who is injured on the job and covered by Workers'

Compensation Insurance to supplement his or her temporary total disability benefits with the teacher's accumulated sick or personal leave. In order to supplement leave, the teacher or the teacher's personal representative must advise the District of a decision to supplement leave within seven (7) days of the teacher's notice of receipt of temporary total disability benefits. A teacher or his/her personal representative may alter an election no more than once every three (3) months. The teacher or his/her personal representative is responsible for notifying the Business Office of a decision to modify a prior election. That decision must be communicated to the Business Office in writing at least ten (10) days prior to the effective date of the new election. The election will not be effective unless the District has received the required written notification of election within the time frame outlined in this section.

The District will provide a form to the teacher or the teacher's personal representative for purposes of making an election. If a teacher fails to make an election, the District shall not supplement Workers' Compensation benefits with accumulated sick or personal leave. Under no circumstances may the combination of Workers' Compensation and accumulated sick leave exceed the teacher's regular salary.

9.13 REQUEST FOR DOCUMENTATION

The Board of Education reserves the right to require documentation for leave requested. Accordingly, the District may require documentation applicable to a request for use of sick leave, extended leave, family and medical leave, maternity leave, military leave, jury duty, association leave, and any other leave that may be permitted under the collective bargaining agreement. The only exception is that the District shall not require an individual to document the basis for use of personal leave.

ARTICLE X SUBSTITUTES

ARTICLE XII TEACHER EVALUATION

12.1 POLICY

In the Shawnee School District evaluation is defined as a mutual endeavor among all staff members and the Board of Education to improve the quality of the educational program. The School District and the teacher jointly accept the responsibility for the improvement of efforts to educate the students in our District. All teachers are expected to perform well in relation to their job descriptions, statements of objectives and/or approved performance criteria. Evaluation is a system for documenting the criteria and evidence of achievement by the teacher.

The performance of all teachers will be evaluated using the criteria submitted through negotiations and approved by the Board. The Board has designated the Tulsa Model of the Teacher and Leader Effectiveness system (Tulsa/TLE) as the official evaluation model for the District. Each evaluation shall be based upon the formative observations of the person being evaluated while performing his/her job function and other personal knowledge of the teacher's performance collected by the evaluator. Teachers will be evaluated by the certified administrative personnel as provided by 70 O.S. §6-102.3.

Every probationary teacher will be evaluated at least twice each year, once during the first semester and once during the second semester, prior to April 30. Every career teacher shall be evaluated at least once each year, prior to April 30.

All teachers will have access to the Tulsa/TLE evaluation handbook containing the approved evaluation policy, procedures, criteria, and instruments to be used through the Tulsa Public Schools and State Department of Education websites. Summative evaluation reports will be completed on the approved evaluation form and be followed by a conference between evaluator and teacher. The form will be signed by both, and a true copy given to the teacher. If the evaluator finds any indicator of, Needs Improvement or Ineffective, a Personal Development Plan will be developed by the evaluator and teacher. The plan will include a statement indicating how the evaluator will assist with the improvement efforts, and a statement by the teacher indicating specific steps he or she will take to improve. If a plan has been developed, the degree to which the teacher has corrected the deficiency will be noted on the plan at its conclusion.

The summative evaluation report, and plan for improvement if one is developed, will be filed in the teacher's personnel file. This file is confidential and access to such records shall comply with State and Federal Privacy Acts. Except by order of a court of competent jurisdiction, the file shall be available only to the evaluated teacher, the Board of Education, the administrative staff, the Board and the Administrative staff of any school to which such teacher applies for employment, the hearing panel described by 70 O.S. §6-102.3, and such persons as are specified by the teacher in writing.

Any legislative act, or court decision which makes any part of this policy unlawful will in no way make inactive the rest of this policy. The School District will follow all current State laws pertaining to teacher evaluation including the following:

1. Changes in the Evaluation System
2. New Professional Development Components (done in collaboration with the Board of Education, SACT, Administration and the Professional Development Committee)
3. Career Teacher Status
4. Dismissal

12.2 PROCEDURE

Within two (2) weeks after the beginning of each school term, the building principal or appropriate supervisor will acquaint each teacher under his/her supervision with the evaluation procedures, standards and instruments and advise each teacher as to the designated evaluator who will observe and evaluate the teacher's performance. The purpose of the orientation is to achieve mutual understanding of the evaluation system. No evaluation will take place until such orientation has been completed. No evaluation based on changed items will take place until teachers are properly notified.

A new or reassigned teacher will be notified by the appropriate supervisor of the evaluation procedures in effect. Such notification will be within two (2) weeks of the first day of the new assignment. For a teacher not assigned to a particular building, a designated administrator or certified supervisor will be responsible for notification and evaluation.

All formative observations will be conducted with the full knowledge of the teacher and should not unduly interfere with the normal teaching-learning process. Standardized Test Results of students shall not be used as an evaluation of the quality of a teacher's service.

Formative observations are at the discretion of the evaluator. A teacher may request a formative observation and may also request a conference to inform the evaluator of planned objectives, methods, etc. The evaluator will take into consideration unusual circumstances such as an assignment outside the teacher's area of preparation, the number of exceptional children in the class, class size, and teaching environment in determining performance standards.

After each summative evaluation conference, a teacher has ten (10) working days to respond to the evaluation and this response will become a part of the permanent personnel file.

In the event a teacher feels that the procedure for evaluation has been misused or misinterpreted, the teacher may take the grievance directly to the Grievance Review Committee.

To aid in evaluation, the evaluator may maintain a cumulative folder possibly containing the following items, which shall be available for the teacher's inspection:

1. Transcripts - up-to-date
2. Observation records of the classroom teaching
3. Teacher comments
4. Lists of suggestions offered for improvement
5. Records of teacher-principal conferences
6. Anecdotal records (This may include observations not collectable in the classroom)

If the evaluator believes that a complaint may be used in a forthcoming evaluation, such complaint shall be brought to the attention of the teacher within ten (10) school days from the time the complaint was lodged.

12.3 ADMONISHMENT, PURSUANT TO 70-O.S. §6-101.24

Such assistance will be noted in writing on the Personal Development Plan and signed copies will be retained by both parties.

12.4 PERSONNEL FILE

The School District shall maintain a personnel file for each teacher. Each teacher's personnel file will contain only the following materials:

1. All teacher evaluation reports and teacher responses as provided by the evaluation policy
2. Copies of contracts
3. Teacher Certificates/Licenses
4. Copies of official personnel action
5. Letters of commendation
6. College placement materials, including official transcripts
7. Corrections, responses, and rebuttals by the teacher
8. Other materials mutually agreed upon

The teacher shall receive the first copy of any document at no cost to the teacher. Subsequent copies shall be provided with the teacher paying the cost of reproduction in accordance with the rates established in Board policy.

The teacher's personnel file is confidential, and access to such file shall be restricted in accordance with

applicable State and Federal Privacy Acts. Except by order of a court of competent jurisdiction, the file shall be available only to the teacher, the Board of Education, administrative staff, the Board and administrative staff of any school to which the teacher applies for employment and such persons as are designated in writing by the teacher.

ARTICLE XIII GRIEVANCE PROCEDURE

Purpose: The purpose of this procedure is to secure, at the lowest level, equitable solutions to the claim of the aggrieved teacher(s).

Nothing in this procedure shall preclude a teacher or group of teachers from seeking resolution to an issue not covered by this procedure through the normal administrative chain of command.

Definitions: A grievance is any alleged violation or misapplication of any Board policy, any administrative implemental procedure, rule, or regulation, or of this Agreement.

A grievant shall mean a teacher or group of teachers covered by this Agreement filing a grievance. The term "days" when used in this Article shall, except where otherwise noted, mean working school days.

Time Limits: Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as the maximum number of days allowed and every effort should be made to expedite the process. The time limits specified, however, may be altered by mutual agreement of the parties. Steps throughout this procedure will be followed in sequence.

Informal Procedure

The Board and the Association acknowledge that it is desirable for a teacher and his/her immediate supervisor to resolve problems through free and informal communication.

Within twenty (20) days of the knowledge of the problem that has given rise to the grievance, the teacher(s) shall meet with the immediate supervisor and attempt to resolve the problem. Persons proper to be present at this meeting shall be limited to the administrator involved and the aggrieved teacher(s).

Upon receiving a request for an informal meeting to resolve the problem, the immediate supervisor shall schedule and hold a meeting within five (5) days. Should the meeting fail to occur within the prescribed time, the teacher(s) may begin formal grievance procedure action.

If the problem is not resolved to the satisfaction of the grievant(s) by the administrator in an informal procedure, the grievance may be reduced to writing, signed by the grievant(s), and prepared for submission to the appropriate administrator at Level One. The filing of a formal Level One grievance must be done within twenty (20) days following the knowledge of the act or condition which is the basis of the grievance. No formal action may be taken before the informal meeting has been attempted.

Prior to a grievance being filed in writing to the administration at Level One, a Grievance Review Committee, established by the SACT, shall review the alleged grievance with the individual teacher(s) to determine if the matter is a viable and legitimate grievance. The Grievance Review Committee will note on the Level One form that the alleged grievance has been reviewed and whether or not the Committee approves the formal filing of the grievance.

The decision of the Grievance Review Committee is final in regard to this procedure. A formal grievance may not be filed without the approval of the Grievance Review Committee

Formal Procedure

Level One: The administrator will arrange for a meeting to take place within five (5) days after the receipt of the Level One grievance.

The administrator shall provide the grievant and the Association with a written answer to the grievance within five (5) days after the meeting.

Level Two:

If the grievant is not satisfied with the disposition of his/her grievance at Level One, the grievance may be appealed to the Superintendent. The Superintendent or his/her central office designee shall arrange with the grievant(s) and/or the Association for a hearing to take place within five (5) days of the receipt of the appeal. The grievant and the administration shall have the right to include in the presentation such witnesses and counselors as they deem necessary to develop facts pertinent to the grievance. If either party intends to bring legal counsel to this hearing, prior notification of at least two (2) days shall be provided to the other party.

The Superintendent or his/her central office designee shall provide the grievant and the Association with a

written answer to the grievance appeal within five (5) days after the hearing. The Superintendent may also direct the parties to submit the grievance to an Alternative Solution Panel before making an appeal to the Board at Level Three. The grievant may also request the grievance to be submitted to an Alternative Solution Panel before making an appeal to the Board at Level Three.

If the grievance has not been solved by the conclusion of the Level Two hearing and either the Superintendent has directed or the grievant has request that the parties submit the grievance to the Alternative Solution Panel before making an appeal to the Board at Level Three, an Alternative Solution Panel consisting of two (2) members appointed by the administration and two members appointed by the SACT shall meet with the grievant(s) within ten (10) days of the Level Two decision in an attempt to find a solution to the grievance prior to appealing the grievance to the Board at Level Three.

Level Three:

If the decision at Level Two is unsatisfactory, the grievant shall have the right to submit the grievance to the Board of Education. Request for a hearing before the Board must be made to the President of the Board, in writing, within five (5) days after the decision has been submitted to the grievant in the Level Two process, or if the Alternative Solution Panel was utilized by the parties, within five (5) days of the recommendation made by the Alternative Solution Panel. The President of the Board shall arrange a meeting of the Board of Education to hear the appealed grievance at its next regularly scheduled Board meeting or at a special meeting called for that purpose within a reasonable amount of time. Neither party shall be permitted to insert in the School Board proceedings any evidence or testimony which was not submitted to the other party before the completion of the Level Two hearing or, if utilized, the Alternative Solution Panel process. A decision will be rendered by the Board of Education at the close of the hearing. In addition, the Board of Education shall submit its decision, in writing, to the grievant(s) with a copy to the President of the Association within five (5) days following the close of the Board meeting at which the grievance was heard.

ARTICLE XIV REDUCTION-IN-FORCE POLICY

14.1 REDUCTION OF PROFESSIONAL STAFF WORK FORCE

The Shawnee Board of Education will have the sole responsibility for determining the need for a reduction-in-force of the teacher of the Shawnee School System. This policy is in compliance with Oklahoma Statute Section 6-101.31 of Title 70.

A teacher may be laid-off only when his/her position is eliminated as a result of a substantial reduction in the funds available to the Board, provided that such reduction cannot be avoided by the exercise of the Board's taxing or other fiscal powers, or offset by reduction in expenses other than personnel.

Teachers may be laid-off only when their positions are eliminated as a result of:

1. A significant financial deficiency of either federal, state, or local funds affecting either a specific program or the total District budget.
2. A substantial decrease of student population accompanied by evidence that an increase in student population is not imminent.
3. A program dissolution decided by a change in goals and objectives as determined by the Board of Education.
4. An increase in staffing accompanied by a negligible increase in student population as a result of School District consolidation or annexation.

The specific procedure for the implementation of reduction-in-force policy is as follows:

14.2 GENERAL GROUNDS FOR TERMINATION

Employment may be terminated when the Board decides that as a result of the reasons described above, the Board's contractual obligation to one or more teachers cannot be further met. Such a decision may be made and any resulting termination may be affected only in accordance with the procedure provided in the R.I.F. policy.

14.3 INITIAL NOTICE OF LAY-OFFS

If the Board acts to terminate a position(s) within the system, the Board shall give notification of termination(s) to the teacher selected according to the approved criteria. The primary criteria for selection a teacher to be released shall be the ratings on the Tulsa/TLE calculated to the one-hundredth (1/100) percent. In the event two (2) or more teachers are equally eligible for termination based upon their Tulsa/TLE ratings, the notification of termination shall be given to the teacher having the least seniority. For the purpose of this procedure, seniority will be computed from a teacher's most recent date of hire in the local system, and will begin to accrue as of the first day of actual service in the local system.

After that teacher has been identified the following procedure may be initiated:

1. In the event a teacher eliminated through RIF is certified to hold a position other than the one (1) being eliminated, said teacher may bump another teacher in that position, as long as the teacher has seniority over that person and has an average composite ranking score that is greater than the other teacher as measured to the nearest hundredth of a decimal point.
2. If the composite ratings of the teachers in the affected positions are identical then the following. in this order, shall control bumping:
 - a. Seniority in the District (as stated above).
 - b. The number of certifications held.
 - c. Total years of teaching experience.

14.4 NOTICE TO INDIVIDUAL TEACHER

After all determination selections have been exercised, the Board shall give written notice of the fact by certified mail, return receipt requested, to the teacher to be terminated. The notice shall include a statement of the conditions requiring termination of employment. The teacher's address as it appears on the school District's record shall be deemed to be the correct address. It shall be the teacher's responsibility to see that the school or

institution has his/her current address on file.

14.5 OBLIGATION WITH RESPECT TO RE-EMPLOYMENT OR OTHER EMPLOYMENT

- A. Notwithstanding any other provision in this agreement, no vacancy in a bargaining unit position will be filled by the Board, and no work previously performed by teachers in the bargaining unit shall be performed by any other person, until the procedures set forth in this Article have been complied with.
- B. For one (1) year after the effective date of termination pursuant to this policy's provision, the School Board shall offer to a teacher, who has at least an Effective rating, who has been terminated any position that becomes available for which he/she is both certified and qualified. There will be specific consideration given to affirmative retention of teachers representing minority groups. If several former teachers are both certified and qualified for a position, an offer will be made to the former qualified and certified teacher who had the most seniority when laid-off. The offer shall be made by certified mail, return receipt requested, and the teacher shall be notified that he/she must submit written acceptance within fifteen (15) calendar days. Acceptance shall be in writing. Failure to accept within fifteen (15) calendar days or rejection of the position eliminates all re-employment rights of the teacher.
- C. A teacher who is recalled within one (1) year shall have restored all benefits accrued on the effective date of the termination, and for payroll purposes shall be given credit for all previous teaching experience.
- D. A teacher who is laid-off will remain on the recall list for one (1) year after the effective date of lay-off unless the teacher:
 - 1. Waives recall rights in writing.
 - 2. Resigns or accepts a contract for employment with another school system, public or private.
 - 3. Fails to accept recall to the position held immediately prior to lay-off or to a substantially equivalent position. The teacher may exercise one time only the rejection of an offered position if that position is one in which the teacher does not feel totally confident in assuming.
